Subj: Statement regarding Charles Hormon

I met "Charley" and "Terry" in a restaurant in Vina del Mar, Chile on 15 September 1973. Although I only spoke briefly to them I understand they were in Chile making movies of children and that they were temporarily delayed by the change of Chilean government on 11 September 1973.

I know that we used our Navy Mission radio to assist in communicating to the United States that Charley and Terry were all right in Chile on the 14th of September. After lunch on the 15th of September, COMUSMIIGP Chile gave Charley and Terry a ride from Vina del Mar to Santiago at their request notwithstanding our having advised them to stay in Vina until international flights were resumed from the Santiago airport.

I understand that Charley and Terry were staying in the Miramar Hotel in Vina del Mar during the week of 11 September.

Sometime after the 15th I heard that Charley was missing after last having been seen in Santiago and about two weeks ago I heard that Charley's body had been located in Santiago and that evidently he had been shot to death.
